

Expand Your Event's Reach

Enhance your event with innovative digital branding solutions

Place your event branding at the forefront of guests' minds and create valuable commercial opportunities by utilizing our permanent built-in LED displays located in busy public areas.

Rentals of high-visibility screen time offer endless possibilities to showcase:

- Branded event welcome messaging and visuals
- Promotional loops, sponsorship recognition and calls to action
- Schedules, directional and need-to-know event information
- Motion graphic and video storytelling, announcements and real-time updates

Design services available with Creative Content Studio

Provide your own assets or partner with the Creative Content Studio team at Encore to design dynamic content that amplifies your unique message. Our LED displays support static signage, still images, dynamic text, full-motion video and graphics (no audio) in single or multiple screen layouts, ensuring your message resonates with event participants and hotel guests.

Content Creation Assistance — The Creative Services team at Encore offers a wide range of services, including the development of creative assets like logo animations, video production, motion graphics, template design, slideshows and more.

JPEG files that use the CMYK, grayscale, or black & white color spaces are not supported.

Deadlines

To ensure timely deployment, all content and accompanying daily agendas must be submitted no fewer than three (3) business days prior to the scheduled event. Submissions received after this deadline may be subject to a rush processing fee per instance and may risk not being scheduled for intended display.

It is the responsibility of the client to provide accurate and complete content by the stated deadline. Encore cannot be held liable for delays resulting from incomplete, incorrect or late submissions. Contact your Encore representative for further assistance or deadline clarification.

Deployment and Scheduling

The customer is responsible for securing applicable licensing for any copyrighted material. Fees for post-deadline content delivery, file correction or on-site change requests are outlined above. Rental dates and times are only permissible with contracted space and subject to hotel approval if your space is shared with another group.

Encore cannot test your content while the walls are in use by another program. Content testing is available for scheduling with advance notice pre-event. Materials provided for display may be subject to Hotel approval.

Groups are responsible for obtaining all necessary licensing for copyrighted materials. Fees for late content submissions, file corrections, or onsite changes are outlined above. Please note, content cannot be deployed on LED media walls unless the space has been formally contracted with the venue. Rental dates and display times are limited to the contracted period and are subject to hotel approval if the space is shared with another group. Visuals may only be shown during the approved rental window or with explicit venue authorization. Encore is unable to test content while the media walls are in use by another program. However, testing can be scheduled in advance with proper notice.

Content Delivery

Content and associated daily agenda must be submitted no later than 3 business days prior to your event. Content submitted after may not be scheduled on time and will result in a rush fee per occurrence. It is the customer's responsibility to provide accurate content by the deadline to ensure the best event experience. Encore will not be held responsible for deployment delays caused by incorrect content or post-deadline delivery.

Encore offers contracted creative support for image creation, including custom logo templates, slideshows, and display packages. For pricing and inquiries, please contact:
